

I condemn You  
to eternal  
Death

Pain, suffering, and death  
These things make up the world. Mortals  
shall destroy themselves with their own hate and  
greed. This land is plagued with lies and deception.  
In this land the devils children still walk with earthly  
feet and ~~flights~~ flights of demons fill the sky. Why can  
we all not be released from this hell?
